

# Angelica Music

## OTHER WAYS TO GET INVOLVED

### EVERY CORNER IS A STAGE & EVERY WALL IS A CANVAS

Angelica-music is a great resource for bringing new music and art into everyday life. We are constantly in search of opportunities for artists to share their work. Your help with this initiative is an easy way to show support of the arts, but to our artists it is huge.

### WAYS YOU CAN INITIATE:

#### Help the Art

There is a wide spectrum of activities to be involved in... A large amount of effort and time goes into a successful promotion for artists. We are deeply appreciative of those who can lend their time and support

Can your business offer opportunities or even discounts to our artists? Motels, can you cut a deal for Angelica's touring artists? Angelica defines a venue as any place willing to offer space for artists to perform or display their work. Help us to create opportunities.

#### Work For Us

We are always looking for contributing writers and photographers, staff to help with our website, street teams, and event planning. As long as you take initiative, we are happy to have you on board. Contact [john@angelica-music.com](mailto:john@angelica-music.com) to discuss opportunities.

#### Work With Us

Are you a nonprofit organization, a venue, or otherwise feel that Angelica-Music and you could work together? We already work with many individuals, companies, and venues in planning, organizing, and booking events. We do fundraisers, educational programs, and are looking to create more internship opportunities. Contact [john@angelica-music.com](mailto:john@angelica-music.com) for further information.
