## FOR CONTRIBUTING PHOTOGRAPHERS

Thank you for your interest in contributing to [angelica-music.com](http://angelica-music.com). Please use this document as a reference for sending us material, but feel free to write to [john@angelica-music.com](mailto:john@angelica-music.com) with any further questions.

### WHAT WE ARE:

Angelica Music is an online magazine dedicated to promoting community by exploring and sharing music and art throughout the Northeast.

### WE PROVIDE:

- Interviews
- Videos
- Artwork
- A monthly playlist
- Album and Concert reviews
- Upcoming event announcements

### PHOTOGRAPHERS:

We will send you to an event, and have you document it. Usually, there will be an article and your pictures will accompany it. If you have material from an event that we should be covering, free to submit something.

## WHAT YOU GET:

We know a plethora of artists and venues and are constantly creating art opportunities. This means we are growing, and with you as a contributor you can develop a style and name for yourself while adding to the future of a music magazine. If you continue to contribute, you will have more opportunities to capture iconic moments.

## HOW DO I SUBMIT WORK?:

- Check out [angelica-music.com](http://angelica-music.com) to see what sort of work we do. If your musical taste or photographic style differs from what is online already, don't worry; We want a variety. That is why we are reaching out for contributors. As long as you're down with the mission, we want your photos.
- Write to [john@angelica-music.com](mailto:john@angelica-music.com), letting us know you are interested in submitting material. Tell us know a bit about yourself too: what music you like, how long you have been a photographer, and please provide full contact information.

### What Kind of Photos Should I Submit?:

- We like to capture the essence and feel of the live music experience. In addition to the stage, the audience and atmosphere are often worth documenting. At festivals, hula hooping, face painting, and Frisbee-catching dogs can define the event.
- We also love intimate, backstage photos of musicians being people, hanging out and having a good time.
